

Assessment Structure : Academic Year 2025-26

Class-III

The evaluation process for the **academic year 2025-26** has been thoughtfully designed to ensure a comprehensive and continuous assessment of students' progress.

There will be **no formal examinations**. Instead, **regular assessments** will be conducted throughout the year to track learning and understanding to prepare the **consolidated results**.

Evaluations and Promotions criteria:

Students will be evaluated and promoted to the next classes based on their regular performance in academics and extra curricular activities.

Emphasis will be placed on the following areas:

Regularity

- ♦ Timely completions of notebooks and assignments.
- ♦ Consistency in meeting academic deadlines.

Classroom Engagement

- ♦ Active participant in classroom discussions and activities.

Self-Expressions and Confidence

- ♦ Ability to express thoughts clearly and confidently in written forms.

Manners and Etiquette

- ♦ Demonstration of polite behavior and respect towards peers, teachers and staff.

Attendance and Discipline

- ♦ Regular attendance and adherence to school rules.

English speaking skills

- ♦ Proficiency in spoken English including fluency, pronunciation and vocabulary.

Grading System

Grade	Marks	C.G.P.
A1	91 - 100	10.0
A2	81 - 90	9.0
B1	71 - 80	8.0
B2	61 - 70	7.0
C1	51 - 60	6.0
C2	41 - 50	5.0
D1	33 - 40	4.0
E1	21 - 32	3.0
E2	0 - 20	2.0

SCIENCE

Months	Topics	Cross-Curriculum Art Integration	Experimental Learning	Critical Thinking	Life Skills	Problem Solving	Projects
April	Ch-1 Living and Non Living Things	Draw and Paste pictures of few living and non living things	Take a quick trip of your house and make a list of non living things.	Page no. 15	Plant a sapling and write ways to take care of the sapling. Page no. 16.	You find a shell on a beach. How will you determine if it was once a part of living thing?	In your scrapbook, paste pictures of all the non living things that you use starting from brushing your teeth in morning to sleeping in the night.
	Ch-2 Parts of Plant	Paste a leaf and label it.	Pluck a leaf from plant and learn the parts of leaf.	Page no. 25	Compare the margins of various leaves.	Think of why we shouldn't pluck leaves?	Draw a plant on chart paper and label it's parts.
May	Ch 4- Birds	Draw and label body parts of a bird.		Page no. 46	Choose the correct and incorrect statement regarding birds given on Pg no. 46.	Think of ways in which birds are similar yet different from air planes.	Collect pictures of birds and paste them in groups on basis of their beaks, claws and feet.
UNIT TEST TERM-I							
July	Ch-3 What Animals Eat	Draw a schematic flow chart of food chain.	Food chain enactment activity.	Page no. 34	Choose the correct and incorrect statement regarding animals on page no. 34.	Find out ways in which animals protect themselves from their enemies.	Paste pictures of Herbivores, Carnivores, Omnivores, Scavengers and Predators on a sheet.

SCIENCE

Months	Topics	Cross-Curriculum Art Integration	Experimental Learning	Critical Thinking	Life Skills	Problem Solving	Projects
July contd...	Ch-5 Our Body	Draw diagram of Respiratory and excretory system.	Visit biology lab and show students Human skeleton and various organ systems.	Page. no. 55	Write down the importance of drinking adequate water, taking good sleep and maintaining good posture on page no. 56.	Find out how do snakes taste their food since they do not have taste buds?	Make a project of digestive system and display in your class.
August	Ch-7 Housing and Clothing	Make a flow chart showing different kind of fibres.	Learn different types of Fibres by seeing them in class.	Page no. 75	Understand good habits and match with the pictures given on page no. 76.	Think of how animals protect themselves from cold, since they don't wear clothes.	Paste various kind of fibres on A4 sheet.
	Ch-6 Keeping Safe	Draw various safety symbols seen on roads	Learn Road symbols from traffic rules board in class	Page no. 64	Understanding safety rules to be followed on the road. Refer page no. 65	If you smell gas in house, what will you do?.	Make a first aid box with all the essentials.
Sept.	TERM-I EVALUATION						

SCIENCE

Months	Topics	Cross-Curriculum Art Integration	Experimental Learning	Critical Thinking	Life Skills	Problem Solving	Projects
Oct.	Ch-11 Soil	<ul style="list-style-type: none"> Draw diagram of Soil profile. 	Show different kinds of soil in class.	Page no. 116	Observe the picture given on Page no. 117 and write your views about correct way of waste disposal.	Think of ways to create your own compost at home.	Make a project on 'Composition of soil'.
	Ch-12 Solids, Liquids and Gases	<ul style="list-style-type: none"> Draw arrangement of particles in Solid, Liquid and gases Draw a diagram showing change of states of matter on heating and cooling. 	Visit Chemistry lab and perform practical showing change of states of matter.	Page no. 124	Write name of processes leading to change in state of matter enlisted on page no. 124.	Think of the reason that causes water droplets to appear on outer surface of cold objects when kept in warm air.	Make a poster of different states of matter.
Nov.	Ch 13 Light, Sound and Force	<ul style="list-style-type: none"> Draw 3 luminous and 3 non luminous objects. 	Understanding the variation in length of shadow by performing activity given on page no. 128	Page no. 134	Understanding driving etiquette. Refer page no. 134	Write ways to reduce noise pollution.	Light travels in straight line with help of torch and cardboard.
Dec.	UNIT TEST TERM-II						

SCIENCE

Months	Topics	Cross-Curriculum Art Integration	Experimental Learning	Critical Thinking	Life Skills	Problem Solving	Projects
Jan.	Ch-8 Air, Water and Weather	<ul style="list-style-type: none"> Draw well labelled diagram of water cycle. 	Show process of Evaporation and condensation in lab.	Page no. 87	Write down pros and cons of rainfall. Refer page no. 87	How can we solve the problems that lead to shortage of clean water?	Make of chart on various weather symbols.
	Ch-10 Our Earth	<ul style="list-style-type: none"> Draw diagrams showing rotation and revolution. 	Perform activity in class showing rotation and revolution with help of ball and torch.	Page no. 105	Make a poster on 3 Rs- Reduce, Reuse, Recycle.	Why is it important save our planet Earth and how can we save it?	
Feb.	Ch-9 Sun, Moon and Stars	<ul style="list-style-type: none"> Draw diagram showing phases of moon 		Page no. 95	List out ways how you can use Sun's heat and light in your daily life.	What would happen if sun was removed from water cycle.	Make a poster / project on solar system.
March	TERM-II EVALUATION						

SOCIAL SCIENCE

Months	Topics	Map/Diagram	Activity	Integration with other Subjects	Value and Life Skills	Project
April	L-1 Our Universe L-2 The Earth, a Unique Planet	Mark oceans on the world map.	Show the model of solar system in class and explain.	Integrating with art: Draw a Solar system.	What if there was no Sun? What if Life on Moon becomes possible?	Make a rocket with a paper roll and coloured paper.
May	L-3 Globe, Maps and Directions L-5 Weather and Seasons	Mark Ten states on Indian Political Map. Draw cardinal directions.	Physical revolution of Earth will be done.	Integrating with science: Record the temperature of your city for 1 week on A4 sheet.	Find out any two ways that you and your family should adopt to make a difference to this increasing global temperature.	Make a compass.
UNIT TEST TERM-I						
July	L-4 India: Our Beautiful Country L-6 The Festivals We Celebrated	Mark Arabian sea, Bay of Bengal on Indian Political Map.	Show the Indian Political map and explain the boundaries of different states of India.	Integrating with Hindi: Learn a song related to any festival and sing it in the class in Hindi	Imagine you live in a desert and have gone to an island for a vacation. How would you describe your life to the people living on the island?	Collect pictures, recipes and information related to the festival and make a collage

SOCIAL SCIENCE

Months	Topics	Map/Diagram	Activity	Integration with other Subjects	Value and Life Skills	Project
August	L-7 Food we eat L-10 The Enchanting North	Draw a large food pyramid.	Our food travels a long way from field to our table. Show the journey of a seed from field to our table with the help of video on smart board.	Integrating with Language: Find out the given salutations in different languages (Hello, Thank you and Welcome).	Different types of frozen vegetables and food items are available in the market. Find out the names of at least three such frozen foods. Why are they frozen?	Make a food planner for the weekend. Think, draw and name what you would like to eat over the weekend. Check the balance between 'healthy' food and 'indulgence' food.
Sept.	September : Revision Exercise 1 & 2 : Term Evaluation					
Oct.	L-11 The Elegant East L-12 Super South L-13 The Worldly West	Mark 4 states in 4 directions.	With the help of Indian political map explain Indian states in all the four directions.	Integrating with Language: Write a short paragraph about the diversity of India. Describe the languages, festivals, food and traditions of India.	India has many traditional dances, music and art forms. Why is it important to keep these traditions alive? How can we contribute to preserving our culture?	Make a chart on showing different features of Western, Eastern and Southern regions.
Nov.	L-8 Clothes We Wear L-9 National Symbols	Draw a National Flag	Explain the National symbols using Flash cards.	Integrating with Music: Learn one poem about our homeland	What will you do whenever you hear our National Anthem on television?	Make a pen stand with the swatches of different fabric.

SOCIAL SCIENCE

Months	Topics	Map/Diagram	Activity	Integration with other Subjects	Value and Life Skills	Project
Dec.	L-14 Our Government	Draw flow chart on types of government.	Conduct a classroom election to choose the class monitor.	Integrating with art: Create a collage showing roles and responsibilities of different level of government.	Survey your neighbourhood / colony park. Suggest five improvements that you think can make the park even better.	Make a chart of classroom rules and duties.
UNIT TEST TERM-II						
Jan.	L-15 Conquering Distance L-16 Means of Communication	Draw a flow chart of modes of transportation.	Explain the safety rules to the students using flash cards of road symbol.	Integrating with Art: By folding paper, make an aeroplane and boat.	How does communication help us learn new things? Can you give an example where you learned something important by talking to a teacher, friend or family members.	Make a chart of road safety symbols.
Feb.	REVISION EXERCISE 3 & 4 and FINAL EXAMINATION					

GENERAL KNOWLEDGE

Months	Chapters	Educational Objectives
April	Ch 1 – Gifts of Nature Ch 2 – Snug as a Bug Ch 3 – Magic of Millets Ch 4 – How many Eggs in my Nest? Ch 5 – One or Many Ch 6 – He or She? Ch 7 – Words about Words	Real Life Connect, Information Literacy, Environmental Literacy, Health Literacy Play Based Learning, Observational Literacy
May	Ch 8 – What's the game? Ch 9 – Game of Chess Ch 10 – Fighting Fit Ch 11 – I am a Knight! Ch 12 – Famous Rulers Ch 13 – Europe in India Ch 28 – Can you Find Me? Ch 29 – What is the Time?	Improving physical fitness, Knowledge of India, Information Literacy
July	Ch 14 – Earth facts Ch 15 – Space Facts Ch 16 – Can I Ride the Water Cycle? Ch 17 – Solid, Liquid or Gas? Ch 18 – On the Road Ch 19 – Dance India Dance	Scientific Knowledge, Global Awareness, Real Life Connect, Critical Thinking, Developing Social Skills, Value Building
